

## Protect your environment

New market benchmark –  
Smart, digital, contactless, effective and  
efficient access control

**SITRAC -STD-2MP**

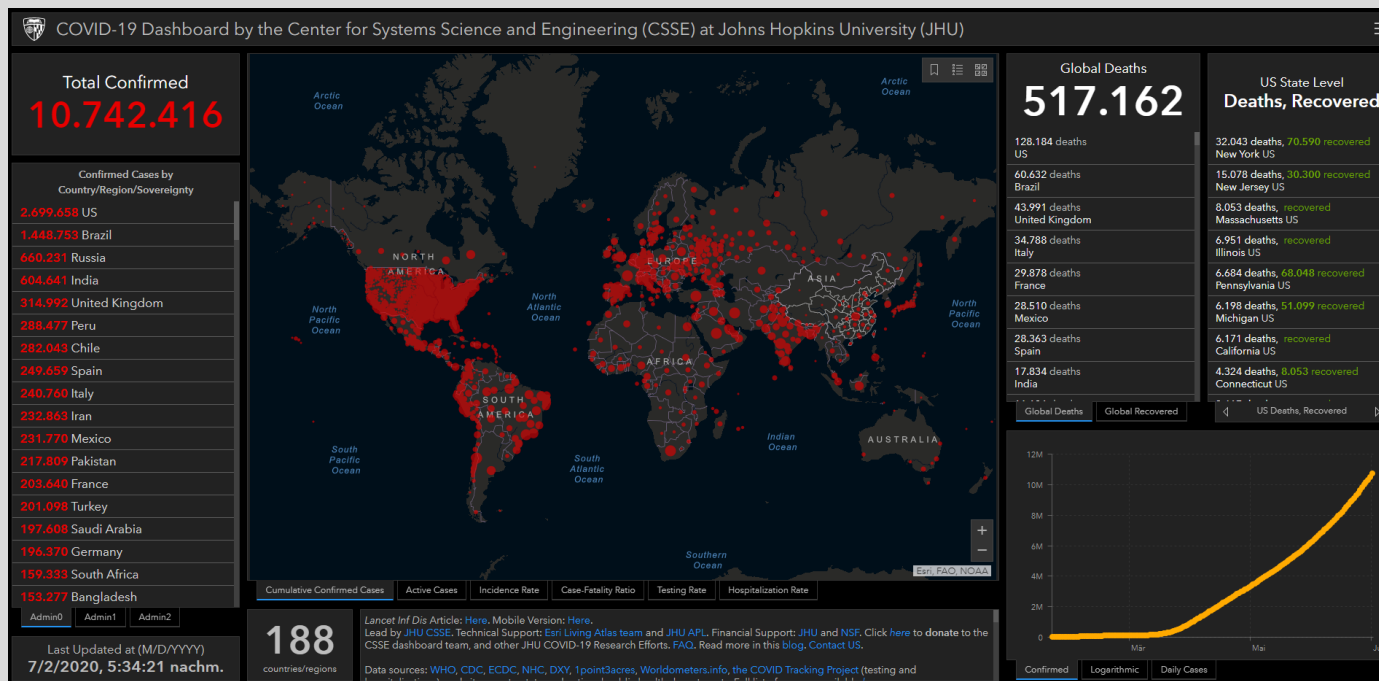

Do you want to be relaxed by knowing that you have best possible done to protect your customers, guests and your staff in epidemic/pandemic situations like today?

# Lessons learned Pandemic COVID-19

The current, fast-developing pandemic COVID-19 2020 learned us that we were not prepared for such a situation.

The past shows us (e.g. since Year 2000, SARS, Virus flu, Influenza Viruses A/H5N1, A/H1N1, MERS, SARS-CoV2 etc.) we will have to be prepared for epidemic/pandemic diseases to protect our environment and collateral damages on people and economic health.

# Our STD-2MP has been designed for

Visitor's temperature screening / access control and building trust for visitors

Infrastructure objects,  
border checkpoints,  
airports, railway stations

Government, commercial and  
residential buildings

Retail business, shopping  
centers and stores

Schools, academies and  
universities

Factories, industrial and  
manufacturing areas

Stadiums, cinemas,  
museums, libraries,  
entertainment zones

Clinics, dentistry,  
cosmetologists

# Key characteristics

Barrier against seasonal diseases and epidemics

Integrable access control  
(e.g. locking on suspicion)

Visitor's health check-up

Contactless access

Contactless Temperature measurement

Visitor's management  
(history, traceability, incl. number of people per building, floor etc.)

Smart face recognition  
(even with face mask)

Time attendance

Face mask detection  
(even correct wearing of masks)

Alarm notification  
(abnormal temperature, no face mask, unknown person)

# The device STD-2MP

Temperature measurement module

Built-in access controller

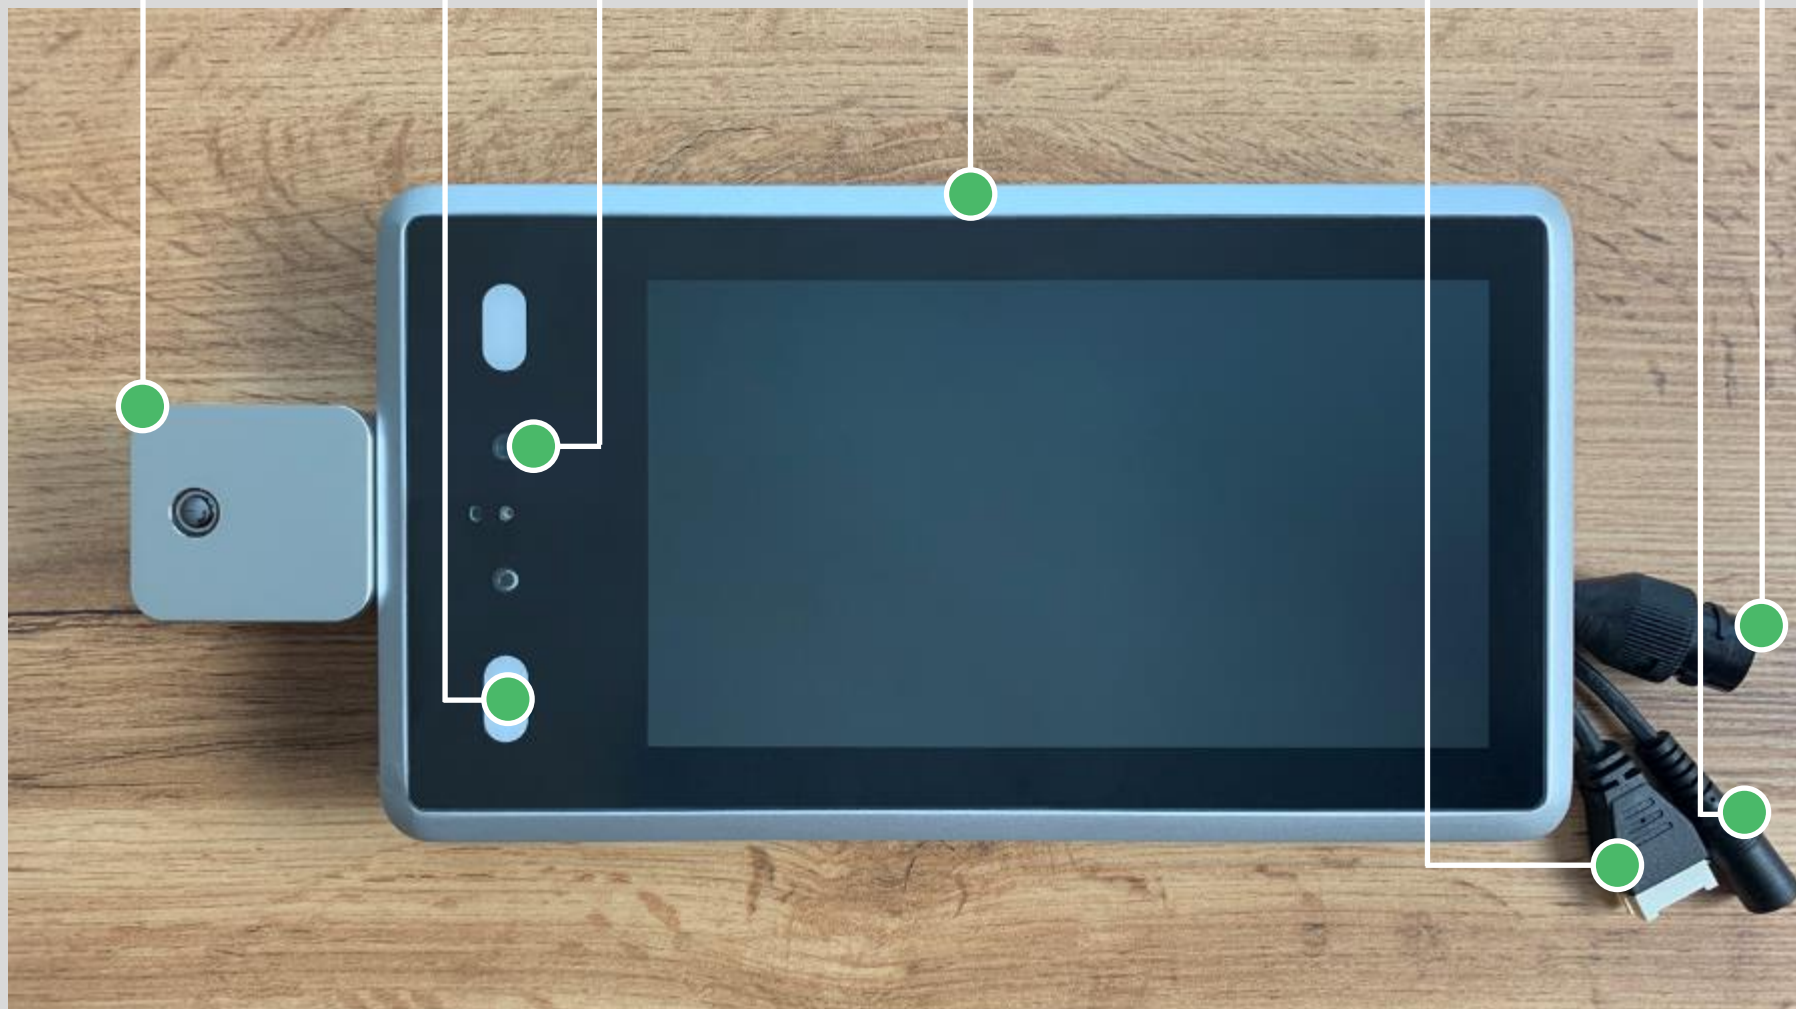

RJ45

White light

2MP IP camera  
(Zeiss optics)

Wiegand cable terminal

Power

# Optional Accessories

Hi-grade Aluminium Stand

Reception stand

Stand with contactless disinfectant Dispenser  
(Medical compliant)

Mini Tripod

Squeegee

Recognition failed

No Mask

Possible elevated temperature

## Alert & Notification

(and if connected, blocked doors)
